

Personal Details	Driver’s license: Cars Full right to work in the UK: Yes Highest Level of Education: BSc in Computer Science
------------------	--

PROFILE	I am a highly motivated Software Engineer with over 2 years of experience, specializing in scalable web applications and innovative software solutions. Proficient in C#, Python, and JavaScript, I thrive in collaborative environments and have a proven ability to adapt quickly to new tools and technologies. I am eager to contribute to impactful software projects within dynamic teams.
---------	--

SKILLS	<div>Technical Skills Programming languages: C#, Python, JavaScript, PHP, SQL Frontend development: HTML5, CSS3, Bootstrap, React, Vue.js Backend frameworks: ASP.NET, Flask for building RESTful APIs and scalable solutions. Database management: PostgreSQL, MySQL, Microsoft SQL Server Tools and technologies: GitHub, Docker, Agile methodologies, API Integration Cloud services: Scalable deployment</div> <div>Soft Skills Communication: Effective communicator in diverse environments. Problem-solving: Analytical thinker with a focus on innovative solutions. Organisation: Skilled in task prioritisation and meeting deadlines. Teamwork: Collaborative team player with a flexible and adaptable approach. Adaptability I adapt quickly to new tools and technologies</div>

EMPLOYMENT HISTORY		
TECHNICAL ROLES		
Feb 2023 – Mar 2024	Full-stack Engineer, IT Career Switch <ul style="list-style-type: none">Built mobile first, responsive web applications using Bootstrap, JavaScript, and PHP.Managed databases with MySQL and PostgreSQL, ensuring data integrity.Completed two real-world projects: Gazetteer and Company Directory, showcasing API integration and dynamic data handling.Integrated APIs for real-time data updates and dynamic content.Collaborated in an Agile team, delivered high-quality projects on time.	Remote, UK
Jan 2020 – Dec 2021	Software Developer, HashMap <ul style="list-style-type: none">Developed scalable C# applications using ASP.NET, Entity Framework, and Microsoft SQL Server, improving system scalability.Built and maintained web applications in Python, leveraging Flask and SQLAlchemy for efficient database management and reducing code complexity by 20%.	Bulawayo, ZW

	<ul style="list-style-type: none"> Implemented and managed databases like Microsoft SQL Server, MySQL, and PostgreSQL, optimizing data storage and retrieval processes. Conducted thorough code reviews and wrote unit tests, improving code quality and reliability by 30%. Utilised cloud services for deployment, scaling, and efficient management of web applications, reducing infrastructure costs. 	
Aug 2018 — July 2019	Software Developer, Soft-IT Consultants International <ul style="list-style-type: none"> Designed, built, and maintained efficient, reusable, and reliable C# code. Expertise in software architecture and programming. Translated application storyboards and use cases into functional applications. Led research initiatives leveraging AI for customer engagement. Identified and resolved bottlenecks and bugs, improving application performance by 30%. Provided user support on-site and remotely, resolving 90% of issues in the first interaction. 	Bulawayo, ZW
May 2016 – Apr 2017	Assistant Database Officer, World Vision Zimbabwe <ul style="list-style-type: none"> Installed and configured over 10 databases, ensuring 99% uptime and seamless operation. Conducted user training for 50+ individuals on software tools, resolving 90% of issues on first contact. Implemented backup and recovery strategies, achieving 100% data integrity. Analysed data trends to inform decision-making, improving process efficiency by 20%. Monitored and optimized database performance, boosting query response times by 15%. 	Bulawayo, ZW
Jan 2014 – Dec 2014	Computer Technician, Lupane State University	Bulawayo, ZW
NON-TECHNICAL ROLES		
Feb 2023 - Present	Senior Healthcare Assistant, Care UK <ul style="list-style-type: none"> Team lead, delegation, mentoring, and resource allocation. Managing time and prioritising tasks. Communicating effectively with diverse teams. Adapt and work well with care providers in training and daily tasks. 	Wolverhampton, West Midlands
July 2022 – Jan 2023	Healthcare Assistant, Busi Healthcare <ul style="list-style-type: none"> Teamwork Task prioritisation. Maintained detailed records, ensuring compliance and fostering team communication. 	Canterbury, Kent
Feb 2022 – June 2022	Tracking Systems Officer, Unifreight Africa Ltd <ul style="list-style-type: none"> Maintain logistics tracking systems, ensuring data accuracy and reliability. Generating regular reports on key performance indicators (KPIs) Management of Tracking Unit Faults and Repairs 	Harare, ZW

EDUCATION

2016 - 2020	BSc Computer Science National University of Science and Technology 2:1	Bulawayo, ZW
2012 - 2015	National Diploma in I.T Bulawayo Polytechnic Credit	Bulawayo, ZW

RECENT PROJECTS

Jan 2025 - Present	<p>Nearby-Services: A backend service written in C# for calculating proximity, nearby service providers in real-time using geolocation data. Designed to support mobile-first applications, this service performs real-time location tracking, geocoding, and distance calculations.</p> <p>https://github.com/Awakhiwekyle/nearby-services</p>
Dec 2023	<p>Company Directory A user-friendly web app designed to streamline and improve organizational structure and communication. Built with Bootstrap, JavaScript, jQuery, PHP, Ajax, and MySQL.</p> <p>https://awakhiwekhabo.co.uk/companydirectory/</p>
Oct 2023	<p>Gazetteer: A web application for exploring geographical, demographic, climatic, and cultural data through API integration with third-party services. Built with Bootstrap, Leaflet JS, JavaScript, jQuery, PHP, and Ajax, it features real-time updates and interactive data visualization for enhanced user experience.</p> <p>Demonstrates proficiency in integrating diverse APIs and creating intuitive user experiences with scalable and maintainable code.</p> <p>https://awakhiwekhabo.co.uk/gazetteer/</p>
